

Dear Parents and Carers,

As your child is now in Year 11, they should be starting their GCSE revision - if they haven't already. School will help them as much as we can. Find attached the revision timetable for after school sessions, and the timetable for the first of two mock exam series this year. We know you want your child to do well – so thank you in advance for supporting and encouraging their attendance to after school revision sessions.

Your child will also shortly be emailed revision materials for all subjects. These materials will primarily be online links – so where possible, please encourage and allow them to revise online – under adult supervision! – at home.

Here's how you can help:

1. Give them a quiet space to study - free from distractions, especially their phone!
2. Help them make a revision plan and stick to it.
3. Encourage breaks, exercise, and healthy food.
4. Listen to them talk about what they're learning.
5. Don't put too much pressure on them. Focus on their effort, not just grades.
6. Know what's coming up in school and when their exams are.
7. Help them relax and manage stress.
8. Talk to their teachers to see how they're doing.
9. Praise them for small achievements.
10. Be patient and understanding when things get tough.

By doing these things, you can help your teenager feel more confident and prepared for their exams.

If you wish to discuss anything to do with exams and academic progress, please get in touch. You can contact me on ghammonds@chaucer.sheffield.sch.uk or by ringing the school and requesting an appointment.

Best regards,
Gary Hammonds
Deputy Headteacher
